Staffordshire Parish Register Society.

President:

THE EARL OF DARTMOUTH.

Hon. Secretary:

REV. F. J. WROTTESEY,

Denstone Vicarage, Uttoxeter.

General Editor:

W. P. W. PHILLIMORE, M.A., B.C.L.

124, Chancery Lane, London.

VOLUME I. PART II. DEANERY OF ALSTONFIELD.

Alstonfield Parish Register.

PART III., PAGES 177—288.

London:

PRIVATELY PRINTED FOR THE STAFFORDSHIRE PARISH REGISTER SOCIETY.

All Communications respecting the printing and transcription of Registers and the issue of the parts should be addressed to Mr. Phillimore, 124, Chancery Lane, London.

 Attention is especially directed to Notices within the Wrapper.

Kindly forward unpaid Subscriptions to The Manager, Lloyd's Bank, Stafford.

THE Council has the pleasure of placing in the hands of Members the second instalment of Staffordshire Parish Registers for the present year consisting of portions of the following:—

Parish.	Deanery.
Castle Church	Stafford
Alstonfield	Alstonfield

The first-named Parish is now completed and only awaits the index.

It is intended that the Parishes of each Deanery shall be bound up together. Every Register will, however, be separately paginated so that Members may adopt any other more convenient method of arrangement.

The present issue is in respect of the Subscriptions for 1903, and a further instalment of Registers will be issued at an early date.

Subscriptions for 1903 should now be forwarded to the Treasurer of the Staffordshire Parish Register Society, Lloyds Bank Stafford.

Indexing.—The Council will be very pleased to receive offers of help in indexing the various Registers. The work is not difficult and can be completed in leisure time. Offers of help may be sent to the Editor. Assistance in this way will enable us to issue a larger amount of Registers than would be otherwise possible, as the expense of indexing is always considerable.

Transcription.—The work of the Society would be very greatly hastened if a few Members would undertake to transcribe the Registers in their respective districts. Those who have had no experience of antient handwriting might undertake to do the modern period, *i.e.*, from 1754 to 1812.

A pamphlet containing full instructions, together with some specimen alphabets of old register handwriting, has been prepared which Mr. Phillimore will send to any Member who proposes to help in the work of transcription.

Binding.—Cases for binding the Registers in Deaneries will be supplied on the completion of each. The price will be 1s. 6d. each nett., by post 1s. 9d.

Page 2. A very strang and fiery Meteor in form like a sword appeared North-west by West in December 1680 and continued about 6 weeks, after which ensued a tedious and long Drought which began Aprill the 10th, 1681, and continued till June the 20th of the same year, which (as the wisest thought) procured many pestilentious diseases, as agues, strong ffeavours, smallpox, cum multis aliis, of which many died in ye countrey, chifely in great cities and towns corporate.

Memorandum that the Clock was set up and finished December ye 2nd, 1682, by me Edw. Baily, Clockmaker, of Vttoxiter. Roger Farmer, Vicar; Anthonie Mellor, Wm. Hall, Wm. Burton, Wm. Bradbury, churchwardens, and cost 4 pound 10 shillings, besides ye old one; and I do hereby engage to maintain the same for two shillings sixpence per annum during my life.
